

I've heard Corona is around
A virus which spreads quickly out
But you do really keep the distance, do ya?
If all of us hold discipline
And help each other in between
We'll overcome the time with Hallelujah
Hallelujah, Hallelujah, Hallelujah, Hallelujah.....

Some say the Virus is not strong
But see the figures, so please go on
And stick to all the limitations given
There's a light near to the horizon
In faith we'll reach it, now come on
And sing with us the holy Hallelujah
Hallelujah, Hallelujah, Hallelujah, Hallelujah.....

Be respectful to fellow men living in risk
Be thankful to all taking care of this
And help to overcome this trouble, do ya.
And even though more time is gone
Keep patience, you stand not alone
It helps to think about the Hallelujah,
Hallelujah, Hallelujah, Hallelujah, Hallelujah.....
